NOTE: All GSPC minutes and correspondence are distributed by email only. This not only provides timely communications but saves considerable costs of mailing and minimizes volunteer time, which is always in short supply. Your information is for GSPC use only and will not be shared with any individuals or organizations.

Request for Census Info: Community populations are considered for service programs such as gypsy moth spraying. In addition, the 2001 General Assembly provided civic associations standing in nuisance cases as long as they meet certain requirements as to number of households in the association. A current owner census of GSPC members thus becomes important for zoning enforcement issues. Please provide the number of lot owners in your association.

The above community has _____ lot owners within the geographic boundaries of the association.

Thanks for your cooperation,
Craig Myers
GSPC Treasurer
